Summary

As a digital marketing intern at SARC SANJIVANI, I am responsible for creating and editing engaging and visually appealing posters and images for various social media platforms, using tools like Canva and Photoshop . I have been working in this role for four months, and I have contributed to several successful campaigns and projects, thanks to the guidance and support of my team and mentors. In addition to my internship, I am pursuing a Bachelor of Technology degree in Information Technology at Sanjivani College of Engineering kopargaon, where I am learning the fundamentals of programming, data science, and web development. I have completed certifications in Python, C, and Java, and I am eager to apply my skills and knowledge to real-world problems and challenges. I am passionate about digital marketing, and I aspire to become a professional who can combine creativity, analytical thinking, and technical expertise to deliver innovative and impactful solutions.
